EDUCATION

Bachelor of Technology in Computer Science, GLA University, Mathura, 61.8

January 2027

Intermediate, St. Paul's Senior Secondary School, Mathura, 62%

May 2023

High School, St. Paul's Senior Secondary School, Mathura, 83%

May 2021

TRAINING EXPERIENCE

Artificial Intelligence Intern (Virtual) Ediglobe | Summer 2025

- Completed a virtual internship focused on Artificial Intelligence concepts and applications.
- Worked on AI-based projects involving data analysis and model development.
- Gained hands-on experience with machine learning algorithms and practical implementation.
- Collaborated remotely with mentors and peers to complete assigned tasks

PROJECTS

Online Movie Ticket Booking System (MERN Stack)

- Architected and deployed a full-stack web application enabling users to browse movies, select seats, and book tickets online.
- Developed responsive UI using React.js and managed backend services using Node.js & Express.js.
- Implemented secure authentication and authorization.
- Designed MongoDB database for efficient booking and user data management.
- Improved user experience with real-time seat availability updates.

Weather Forecast Application

Technologies: [Html/CSS /JavaScript / API]

- **Developed a weather application to display real-time weather information.**
- **Integrated third-party weather API to fetch live temperature and forecast data.**
- **Designed responsive user interface for better user experience.**
- **Implemented search functionality to check weather by city name.**

SKILLS

Technical (max Top 5)

JAVA, Python

DSA,

MERN, Gen Ai

Professional (Top 3)

Effective Communication Skills

Team Work

Interpersonal Skills

PROFESSIONAL ACHIEVEMENTS/ INSIGHTS

- Certified in AI Program conducted by **Ediglobe**.
- Certified in Generative AI Professional by Oracle.

DECLARATION

I hereby declare that all the above mentioned information is true and correct to the best of my knowledge.
